

Event Report –

The ACTREC Alumni Association hosted its 26th event on 23rd August 2024 at the KS Auditorium. The session featured Dr. Satyajeet Khare, an alumnus and Assistant Professor at Symbiosis School of Biological Sciences, Pune, who delivered a talk on "Class Prediction with Relative Values in Genomics." The event saw an attendance of about 80 participants, including several Ph.D. scholars.

Dr. Jyoti Kode, Secretary, AAA welcomed the audience and emphasized the importance of staying connected with one's alma mater. The talk began at 10:00 AM and included a lively Q&A session, with active participation from the principal investigators present. Dr. Khare was presented with a certificate of appreciation for his contribution to the event.
